**7. Consider a Recommendation on an Interlocal Agreement with Travis County for Braker Lane from the US 290 East Intersection with Harris Branch Pkwy to the SH-130 Interchange with Parmer Lane**

Mr. Taylor said this project is for new segments of Braker Lane and used a map to show where these portions are located. He said Braker Lane will run from the new Parmer Lane to Decker Lane.

Commissioner Goetz said there is no compelling transportation reason for this road. He said whoever owns property along this roadway is getting a great deal with this construction. Commissioner Hawthorne said this project has already been approved and the discussion this evening is about the agreement between the parties.

**Motion by:**      Melissa Hawthorne  
**Seconded by:**    Dustin Lanier

**Motion:** To recommend approval of the interlocal agreement.
